

DEATH OF C. P. HUNTINGTON

Suddenly Taken Away
by Heart Disease.

WAS AT HIS SUMMER CAMP

The Question of His Successor Barely
Mentioned—His Nephew May
Become President.

UTICA, N. Y., August 14.—The death of Collis P. Huntington, which took place at Pine Knot Lodge, his camp in the Blue mountain region of the Adirondacks, at 11:55 last night, came with startling suddenness. He went into the woods last Thursday afternoon and was apparently in excellent health. At that time he remarked that he had never appreciated the woods so much as this season. On Friday and Saturday he was about his camp noting the progress of improvements which he had been carrying on this year.

On Sunday he remained at the lodge very quietly, receiving the calls of several friends from neighboring camps. Yesterday he took a long walk over his preserves, and also made a trip on his steamboat, the Oneonta. He remarked to his friends that he was feeling remarkably well. During the day he made no complaint whatever of illness. He retired last evening at 11 o'clock, still apparently in the very best of health. A few minutes later means were heard from his room and an attendant immediately went to his assistance. Help was summoned and restoratives were applied, but Huntington sank rapidly, and in ten minutes had passed away. It is supposed that Huntington's death was caused by heart trouble.

NEW YORK, August 15.—The body of Collis P. Huntington will probably arrive in this city on a special train from Utica late this afternoon. The remains will be taken to the Huntington residence at Fifth avenue and Fifty-seventh street. The funeral will probably take place Friday or Saturday. H. E. Huntington, nephew of the deceased and now acting president of the Southern Pacific road, is on his way here to attend the funeral. All talk as to the new president of the road is as yet premature. Certain important interests in the company, including General Hubbard, who is now abroad, and the representatives of the Seaboard and Hopkins estates, will have to be consulted.

Many messages of sympathy and condolence have been received for the family at the office of the Southern Pacific road and as many more have been sent to the Fifth avenue office.

Charles H. Tweed, general counsel and second vice president of the Southern Pacific Company, who is generally regarded as having been closer to Mr. Huntington than any other business associate, was asked today whether any of the dispositions of Mr. Huntington's will could yet be made public.

"Nothing now," answered Mr. Tweed. "Certainly nothing until after the funeral."

"Is there any question that Mr. Huntington has left a will?"

"I don't feel at liberty to say anything on that subject at present."

Then after reflecting a few moments, Mr. Tweed said: "It may be safely assumed that such a document is in existence."

"Was the stability of his investments, in the event of his death, made secure by formal provision during his lifetime?"

"Provisions were made against his holdings being thrown upon the market."

"It is reported that you are likely to succeed Mr. Huntington as the head of the Southern Pacific?"

"No. Mr. H. E. Huntington, nephew of Mr. C. P. Huntington, is the first vice president of the company. I am the second vice president. But all that is matter for future arrangement."

Mr. Tweed added that Mr. H. E. Huntington had been heard from at New Orleans on his way to the city and that he was expected to arrive here tomorrow morning or evening.

UTICA, N. Y., August 15.—The train bearing the remains of Collis P. Huntington left Racquette Lake at 8:20 this morning and reached Utica at 10:50. Those on board were Mrs. Huntington, Mr. and Mrs. M. A. Huntington, Miss Campbell, George E. Miles, Mr. Huntington's secretary, William Durant, Dr. H. H. Warner, Charles G. Ward, superintendent of the Racquette Lake Railway, and the maid and servants in the Huntington household.

The train consisted of the two cars Oneonta and Oneonta II, a smoker and baggage car combined. With the exception of the engine, the train was owned by the late Mr. Huntington and one in which he journeyed to Racquette Lake on Thursday last.

The train left Utica at 11:30 and will make only one stop, which will be at Albany. The arrival in New York will probably be before 5 o'clock. Every courtesy possible is being extended by the officials of the road over which the train is passing and the journey is expedited through the train being accorded a clear track and right of way. Mr. Miles told a reporter that while the arrangements for the funeral have not been completed, it will probably take place Friday morning from Mr. Huntington's late home in New York.

Boers Tired of the War.

CAPE TOWN, Aug. 15.—Commandant Prinsloo, who surrendered to General Hunter July 30, has arrived here. He says he is heartily tired of the war and welcomes the prospect of peace. The commandant added that a majority of the Boers were "disgusted with President Kruger."

James G. Stowe, the United States Consul General, has returned here. Only ten Boers were in the party which attacked his train. The remainder of the command were composed of foreigners. Mr. Stowe says a majority of the Boers desire a cessation of hostilities.

Roosevelt's Speaking Tour.

CHICAGO, Aug. 15.—Vice-Chairman Henry C. Payne received at Republican headquarters this morning a copy of the itinerary of Governor Roosevelt, as

far as agreed upon by the Governor and the national committee. The Governor will make his first speech at Detroit, September 6. He will speak at Grand Rapids, Mich., September 7, South Bend, Ind., September 8, La Crosse, Wis., September 10. From La Crosse, Governor Roosevelt will visit South Dakota, North Dakota, Montana, Idaho, Utah, Wyoming, Colorado, Kansas, Nebraska, Iowa, Illinois, Indiana, Kentucky, Ohio, West Virginia and Maryland, finishing his speech-making in New York.

New King Takes the Oath.

ROME, Aug. 11.—King Victor Emmanuel III took the formal constitutional oath today before Parliament. The ceremonies took place in the Senate chamber, which was entirely draped in black out of respect to the late King Humbert. The King read an address to the people in which he pledged himself to respect their rights, and to carry on the work his father had begun for the betterment of Italy. His address was loudly cheered and he was given a popular ovation.

Earthquakes in Washington.

SEATTLE, Wash., Aug. 15.—A special to the Times from Silverton, Wash., says:

A hard shock of earthquake was felt here yesterday afternoon at 4 o'clock, shaking window panes and crockery to pieces in many instances. The shock lasted three minutes.

IMPORTANT DISCOVERY

OF FRENCH SCIENTISTS

NEW YORK, August 15.—A dispatch to the Times from Paris says:

Highly interesting demonstrations of the properties of bioxide of sodium are being given before the French Academy of Sciences. Bioxide of sodium is found to possess the property of renewing the oxygen in air that has been breathed and in absorbing carbonic acid gas given off. Thus, with an apparatus containing the sodium, shown by Desgreys and Bailhouchard at the Academy, a diver can remain under water and walk about without having the air renewed by the pumps.

Moreover, by means of the new apparatus, miners will be able to penetrate into poisonous gases and foul air and firemen into smoke without fear of asphyxiation. It will also render practicable submarine boats.

Ample proofs of all that is claimed for it were given at the Academy. Two men put on diving dress from which all air was excluded and remained enclosed two hours. Afterward the same men remained under water in the Seine during half an hour. The experiments are creating the greatest interest in scientific circles.

REVISION OF THE

PRESBYTERIAN CREED

SARATOGA, N. Y., August 15.—The committee on the Revision of Faith, appointed under a resolution of the General Assembly of the Presbyterian Church in St. Louis in May last is in session here. As this is the first meeting of the committee, its work will be according to the secretary, the Rev. Dr. W. H. Roberts, largely preliminary.

Its ultimate action must be based in a great measure on the recommendation of the Presbyteries, comparatively few of which have taken action as yet. The power and scope of the committee, as defined by the General Assembly, is: "To consider the whole matter of a re-statement of the doctrine most solemnly believed among us, and which substantially are embodied in our confession of faith."

"That this committee be enjoined diligently to pursue the inquiries, seeking light and knowledge from every available source and to report to the next assembly what specific action, if any, should be taken by the church."

"That to further the work of the committee the Presbyteries be invited by the assembly to take action on the subject at their fall meetings and to report said action to the committee, whether consisting of revisional, supplemental or substantial changes or no change at all."

The members of the committee present are: Rev. Charles A. Dickey of Philadelphia, Rev. Herriek Johnson of Chicago, Rev. Samuel J. Nicolls of St. Louis, Rev. Daniel W. Fisher of Hanover, Ind., Rev. W. McKibben of Cincinnati, Rev. George B. Stewart, president of Auburn Theological Seminary, Rev. Samuel B. Sprecher of Cincinnati, Rev. Dr. Henry Van Dyke of Princeton, Justice John M. Hart of Washington, Daniel R. Noyes of St. Paul, E. W. C. Humphrey of Louisville, William H. Crabbe of Pittsburgh, John R. Parsons of New York and Elissa A. Fraser of Detroit.

According to Secretary Roberts, it is problematical how many days the committee will be in session.

Heazleton Improving.

SAN RAFAEL, August 11.—Physicians in attendance on George Heazleton, manager of and editor of the San Francisco Financial Letter, stated tonight that he was resting easily, with a possibility of recovery. No new complications have set in and his fever has taken a perceptible change for the better.

Abel Majors, the California boy who shot an Ogden Utah, policeman a year ago, has another lease of life, a stay of execution having been granted.

DETAILS OF ALLIED ADVANCE

LONG ROAD TO PEKING

NEW YORK, August 15.—A Tien-Tsin dispatch to the Herald, dated August 6th, says: Great confusion yesterday attended the advance of the allied troops, with the exception of the Japanese. The advance began at 3 o'clock in the morning. Under cover of three batteries of artillery, two regiments of Japanese infantry crossed the open in the darkness and the Chinese at once began a heavy fire upon them.

The plan was that the Japanese should occupy the extreme left, supported by the British and Americans on the right and the Russians across the river.

The British and Americans came up late, remaining in the rear.

The Japanese firing line spread from our extreme left to the river. They carried three series of Chinese trenches, killing several hundred Chinese troops. About 100 Japanese were killed or wounded.

With the Japanese still leading and advancing beyond the village of Peitsau, the other troops were unable to catch up.

Four thousand Japanese were in the fight yesterday and nine guns were captured.

In the advance General Fukushima's plan was followed.

Fifteen miles were covered and scouts reported that the Chinese were retreating to the north under twelve flags about 6,000 strong. This was probably the rear guard and they might have been cut off and annihilated if the Bengal Lancers had been on hand at the right time.

The roads are fairly good and dry. The villages along the line of march are deserted. The growing crops afford abundant forage for the pack animals.

From Peitsau to Yang Tsun there was no opposition. It is expected that the Chinese will make a stand at the latter place.

President McKinley's refusal to consider Li Hung Chang's proposal meets with the warm approval of Americans in China and also with that of the army.

WILCOX IS THE MAN

Garibaldian Candidate of
Independents.

NO HAULES ON TICKET

Hilo Natives Affirm Their Intentions
of Barring the Whites
Altogether.

HILO, Hawaii, August 23.—The Tribune says: Robert Wilcox and the presidents

of the two patriotic Hawaiian societies in Honolulu have been in Hilo during the week herding the lambs into the Independent fold; there may be a few strays who have wandered into the by-ways and hedges and who await the coming of the Democratic satchels, but they are very few.

A prominent local leader of the Hawaiians said to a representative of the Tribune on Monday: "It is the general opinion of the Hawaiians, and one which they will stand by, that they should not take sides with either of the old line parties as against the other. Their interests are almost entirely local, and many of them concern the Hawaiians peculiarly; they will stand on a platform framed to meet these issues and distinct by name from either Republican or Democrat, though wherever the platform of either coincides in spirit and principle with ours we shall be glad to co-operate with them in the work. We are going to stand for local self-government first, last and all the time, and we are anti-Hilo to a man. We are drawing the race line in nominations and it has been fully agreed not to nominate any white man for any position—Territorial Delegate, Senator or House member. There was a good deal of discussion over this question, and even Wilcox wanted to have Dr. — of Olan nominated for the House. But it was the opinion of the majority that there should be no exceptions, and this will be rigidly adhered to. 'In that case,' said the reporter, 'Mr. Loebenstein will not receive the nomination of your party for the Senate.'"

"No; nor will any man, of Hawaiian blood even, who is allied with either of the regular parties."

"Don't you think," said the interviewer, "that the Chinese Wall style of exclusiveness will result in disaster for you in the end, and that it would be wiser to drop such immaterial differences as color, and anti-haule feelings of retaliation for what you consider, perhaps justly, as oppression and wrongful discrimination, and work with the large political element among the white people, who are just as anxious as you for local self-government and just as strongly opposed to any further continuance of the Dole regime?"

"No," was the reply, "we can control votes enough to elect our men anyhow. He evidently missed the point of the question."

The Independents held their local convention in the old church in Puuoa on Monday, and nominated the following candidates: For Senators (Puna, Hilo and Hamakua), Henry West, John T. Brown, For Representatives: Wm. Naimaka, Jas. Ewalia, Makakahi (Hamakua), S. H. Aho (Puna). It is understood that Robert Wilcox will be the nominee of the entire party for Delegate to Congress.

PIHONUA LANDS.

HILO, Hawaii, August 23.—The Herald says: Dr. Maxwell and Wray Taylor came up last week for the purpose of investigating the character of the Pihioua lands relative to the application of the Hilo Portuguese Mill Company for greater acreage of land for cane. It is understood that after an examination of the forests Prof. Maxwell favored the application. The mill company has a lease from John T. Baker for all the Pihioua lands excepting certain kuleanas, but the Government land forbids their clearing without permission of the Government. So far this permission has been withheld, but it is probable that Mr. Taylor will join with Prof. Maxwell in granting the application made by the mill company.

PARKER'S CANDIDACY.

HILO, Hawaii, August 23.—The Herald says: The Herald is in a position to state authoritatively that Col. Sam Parker will be a candidate before the Territorial convention for the nomination for Delegate to Congress from the Territory. Col. Parker has been informed that some of the speakers at the meetings of the Independents on this Island have intimated that he has withdrawn as a candidate, and it is on account of the impression such remarks have made that Col. Parker makes this announcement.

HILO, Hawaii, August 23.—The Hilo papers say: J. Ryan, "King of the Squatters," went to Honolulu last week on business connected with the opening up of the Olan lands. Before leaving Mr. Ryan remarked to Herald reporters that the Retter's Association would take no steps in injunction proceedings, but

would begin a suit in the United States Court. Mr. Ryan returned to Hilo last night.

NOTES, ETC.

Ex-Judge Gardner K. Wilder has leased the spacious offices in the County building on King street, formerly used by Judge Little.

Stearns, Wilcox and Kaulla, representing the Independent party, held meetings at the Fishmarket Saturday night and at Nine Miles on Sunday. Both meetings were well attended by Hawaiians, but little was accomplished. Mr. Wilcox recommended John T. Brown and Henry West as Senators from this district and William Naimaka and Mr. Ewalia as Representatives. The speaker called upon the natives to nominate good men irrespective of party, and guaranteed the native vote to support the candidates.

St. M. Norton has been appointed by Judge Little, clerk of the Circuit Court of the Fourth Circuit, to succeed Daniel Porter, resigned. Mr. Porter, however, has kindly consented to retain office until the new clerk arrives. Charles E. Hapai, better known as Eddie Hapai, has been appointed deputy clerk of the same court.

Mr. and Mrs. George Hess of Hakalua left yesterday for Honolulu, en route to British Columbia. Mr. Hess is far from well, and his physician prescribes a change of climate as absolutely necessary.

Wakaia plantation has finished grinding. The crop is something over 9,000 tons.

It is rumored that Palmer Wood will be a Senatorial candidate from Kohala at the next election.

Hakalua plantation finished grinding this year's crop on Wednesday, with a total of 12,000 tons.

Dr. W. L. Moore and family went down to Honolulu by yesterday's Kinau. Dr. Moore will locate permanently at the capital.

J. T. Lewis was a passenger by the Mahealani for the Coast. He will make an extended tour of the United States and Europe.

It has been suggested and not unfavorably considered in the councils of the Republican Territorial Committee that the next convention, to take place in September, be held at Hilo. A Congressional Delegate is to be nominated at this convention.

Mr. C. C. Kennedy and family left for Honolulu by yesterday's Kinau. Roland Kennedy returns to New Orleans to continue his studies in sugar chemistry. Mrs. Kennedy will spend some weeks at Wailuku, hoping for beneficial results to her health from a change of climate.

Mrs. James Campbell and daughters are visiting the district.

Fred. W. Macfarlane, head of the Union Feed Company, is a guest at the Hilo.

United States Deputy Marshal Metz went overland to Mahukona on Tuesday for the purpose of distributing blanks of the Internal Revenue Department, for which he is acting deputy collector for this district.

Charles H. Brown has given up his business in Hilo and will remove with his family to Honolulu, where he will have a larger field.

Bishop Gulstan and four sisters of the Catholic Church arrived yesterday to assume the duties of teachers in the new Catholic school.

NEWS OF OLAN.

All Running Smoothly on the Big Plantation.

(Special Correspondence.)

OLAN, Hawaii, August 24.—Dr. Maxwell was here yesterday in the course of his tour around the Island, and was the guest for the day of Manager McStocker, who drove him to nearly all points in this district. The visitor was very observant and appeared to be very favorably impressed with all he saw.

Everything is moving along smoothly and placidly is a stranger here.

The Falls of Clyde brought the machinery for the saw mill on the Caney road and it will be in operation in the course of a week, with plenty of work ahead.

Manager McStocker has convinced from Mountain View to his new home at Olan, on the Puna road.

W. H. Baugh, representing Schilling Brothers of San Francisco, was here during the week. He has been over the plantation and thinks it would tax the resources of his firm to find fire enough to be swamped by Olan's first crop.

E. A. Horan, J. Ryan, J. E. Hine, J. R. Giddings, C. J. Giddings and E. W. Fuller, some of the original locators in what is now known as "Squatterville," have created comfortable homes on their localities and have every indication in remaining "where they are at."

Horse raffles constitute the leading excitement in Upper Olan just now, one old roaster, in his time, changing owners at the rate of one a day.

Olan and the mauka places of interest are drawing large Sunday crowds from Hilo, every train being packed on that day.

Rev. David A. of Hilo is succeeding in his efforts to build a new native church on the site of the old one mauka of the Half-Way House. The plantation boys are not boastful of their sanctity, but think the cause a worthy one and are not niggardly in their offerings.

Joseph P. Lino of Pahala is now chief timekeeper of Olan.

The advance guard of the H. R. R. Co. are in the Waipahoehoe district and pushing steadily toward Pahoa.

The cane is cutting up nearly ten inches in as many days. Fact!

Mrs. S. G. Walker sailed for San Francisco on the Martha Davis on a health-seeking trip, to return on the same vessel.

Henry Gerlach has returned from the Hilo Hospital, but he is far from good health yet.

A Japanese working for a countryman in a restaurant on the Volcano road, won the affections of his employer's wife and took her hence. All would have been well had he overlooked a trifling \$400 and he was arrested by Captain Ben Brown, a portion of the money recovered and the reef threatens before him.

A "fifteen minutes for refreshment" headquarters has been erected at the Olan railroad station and good service is promised by the promoters.

The men are getting tired of the "walking delegate" business and are beginning to look about for hana hana and the comfortable winter quarters that go therewith.

A large force of mechanics from New York and other cities on the Mainland are expected to Olan shortly and the management is preparing to house them. They are to work on the new mill.

DAN, D. PENN.

TROUBLESOME TO THE ARMY.

During the Civil War, as well as in our late war with Spain, diarrhoea was one of the most troublesome diseases the army had to contend with. In many instances it became chronic and the old soldiers still suffer from it. Mr. David Taylor, of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by all druggists and dealers. Benson, Smith & Co., Ltd., agents for H. I.

THE DELEGATE

Hiloites Don't Want a
Honolulan.

H. P. Baldwin Suggested as a Representative Islander by the Tribune.

HILO, Hawaii, August 25.—The Tribune says: The general lack of activity on the part of the Republicans and Democrats is causing considerable comment, more especially relative to the Republicans, who might just as well be without a Territorial committee, for all the ice which it seems to cut. A gentleman recently in conversation with a Tribune representative, said: "Unless some action is taken soon it might just as well not be taken at all. The time for election is almost here and no nominations have been made nor campaign work done, except by the Independents, who as matters stand now are likely to carry everything. Action should be taken by both parties and the lines should not be too sharply drawn between Democrats and Republicans, more especially so far as local issues are concerned and so far as good candidates are nominated, as it seems likely they will be by both parties. The Independents in their determination to win everything on race lines, and incited thereto by their demagogic leaders are likely to make many nominations unfit for office; every respectable, intelligent man who has the good of the Territory at stake, without regard to race or party should work for the election of good men, at this vital period of the political life of Hawaii."

Relative to Congressional delegates another gentleman practically spoke on the same lines. He said: "Upon the personnel of the Congressional delegate, although he has no vote, the future of Hilo largely depends. If the proposed Independent Candidate, Wilcox, who is nothing more or less than a discredited demagogue, is sent, it means simply nothing or worse than nothing for the Territory as a whole. On the other hand a man nominated by either of the other parties, who is simply a Honolulu devotee simply to the interests of that town even to the detriment of the rest of the Territory, is not one that we want. We should probably not look for the nomination of a purely local man. Nor is it necessary. It is more than possible that a man from Maui or Kauai could be settled upon, who would gain the general support of the voters of the whole group and justify it by working impartially for all the Islands. I think H. P. Baldwin of Maui is such a man, and I believe from what I have learned in conversation with both Democrats and Republicans here that they would support him. In any case Hilo should settle upon someone whom it believes to be a good man for all, and who can be elected, and find out whether he will not be so acceptable to the rest of the group that he can be run with hope of election. It is time some action was taken by the responsible men of the country."

ALL TEACHERS

MUST BE HEALTHY

Board of Education Certificate

of Health From

Applicants.

Ample precautions are to be taken by the Board of Education that no diseases are communicated to scholars from their teachers. The recent agitation against the employment of teachers who were sufferers from tuberculosis has borne fruit for the Board of Education adopted a form of physical examination certificate which every teacher employed by the Board throughout the Islands must have before they can secure a position. In presenting the health certificate Mr. Atkinson said that he thought the matter one of very great importance. In the past teachers had been employed for a fortnight before they were required to present a health certificate, but the new rule would require them to be physically sound before they would be permitted to come in contact with their scholars.

The Board also adopted a new salary schedule setting forth rules and governing the salaries of all teachers. According to this schedule the payroll for the different Islands is as follows: Hawaii \$6,104, Maui \$3,647, Molokai \$389, Oahu \$10,120, Kauai and Niuhau \$2,235; total, \$22,556.

The report of the teachers' committee included a large number of recommendations for appointments all of which were approved. They were as follows: Royal, D. C. Little, substitute for Mr. Mackintosh; Kaahumanu, Miss Ada Gertz, transferred from Emma street; Emma street, Miss Ada Lyett, transferred from Moanalua; Moanalua, Miss Mollie Grace, from Normal School; Pohukaina, Miss Victoria Jordan, transferred from Waianae; Waianae, Miss Bertha Ben Taylor, Miss Emily Williams, reappointed to this school; Wahiawa, Miss Ada H. Parker; Niuhau, James McGill; Kaupakulua, J. S. Medeiros (assistant), transferred from Haou; Haou, Miss Jennie Kawahia; Night School, Kawaiahaou, Mrs. J. B. Hopkins; Kamaea, Miss Lulu Meincke; Night School, Molokai, A. S. Medeiros, transferred from Kaupakulua; J. S. Medeiros, transferred from Normal and Training; Miss J. Valentine Spitzer; Kipahulu, Miss Emily Tooley; Hilo Union, Mrs. Lora Shoemaker; Reformatory, Marshall Panoast; Wailuku, Miss Rowena Richardson.

Mrs. J. W. Yandley whose husband, for many years teacher of music in the city, died in San Francisco recently, was given an appointment as singing instructor. The salary of John Lightfoot of the night schools was increased by \$15 per month.

Hives are a terrible torment to the little folks, and to some older ones. Doane's Ointment never fails. Instant relief and permanent cure. At any chemist's, 50 cents.

JEWEL STOVES AND RANGES

DETROIT STOVE WORKS

The Original Detroit Stoves
Over 1,500,000 in U.S.

Just received, a new line of Table Cutlery and Silver Plated Ware at new prices. Silver Ware, as you know, formerly paid a duty of 25 per cent; you can save that now. See our new pattern, called the "New Century."

Then ask for a sample of the modern cleaner called

Bon Ami

Which is the French for "good friend." This is a matchless article for all surface cleaning and for polishing metals. It does the combined work of all other preparations, works quick, contains no grit and warranted not to scratch. Contains no acid and will not injure the hands nor any article to which it may be applied.

BON AMI rapidly cleans windows, mirrors, show cases and all articles of glass, brass, silver, nickel, copper, tin, zinc, marble, oilcloth, woodwork, and all painted and unpainted surfaces, also jewelry, filigree work and celluloid. Removes dirt, tar, paint, ink stains, etc., from the hands.

W.W. Dimond & Co., LIMITED,

HOUSE FURNISHING GOODS, CROCKERY and GLASSWARE.

King Street, Honolulu.

Clarke's Blood Mixture

THE WORLD-FAMED BLOOD PURIFIER AND RESTORER.

IS WARRANTED TO CLEAR THE BLOOD FROM ALL IMPURITIES from whatever cause arising.

For Scrofula, Scurvy, Eczema, Skin and Blood Diseases, Headaches, Pimples and Sores of all kinds, it is a never failing and permanent cure. It cures Old Sores. Cures Sores on the Neck. Cures Sore Legs. Cures Headache or Pimples on the Face. Cures Scurvy. Cures Ulcers. Cures Blood and Skin Diseases. Cures Glandular Swellings. Cleans the Blood from all impure matter. From whatever cause arising. It is a real specific for Gout and Rheumatic pains. It removes the cause from the Blood and Bones. As this mixture is pleasant to the taste, and warranted free from anything injurious to the most delicate constitution of either sex, the Proprietors solicit sufferers to give it a trial to test its value.

THOUSANDS OF TESTIMONIALS OF WONDERFUL CURES FROM ALL PARTS OF THE WORLD.

Clarke's Blood Mixture is sold in bottles, 25¢ each, and in cases containing six times the quantity, 11s—sufficient to effect a permanent cure in the great majority of long-standing cases—BY ALL CHEMISTS AND PATENT MEDICINE VENDORS throughout the world. Proprietors, THE LINCOLN AND MIDLAND COUNTIES DRUG COMPANY, LINCOLN, ENGLAND. Trade mark—"BLOOD MIXTURE."
